**PROJECT NO. 0079-DC-2002-I30**

***1. Scope of Work***

The scope of work supported by this financial assistance award includes construction of the washeteria building in the City of Emmonak. The total amount of funding provided through the Denali Commission for this project shall not exceed \$1,000,000.

The City of Emmonak is responsible for the use of this funding on the construction of the washeteria facility consistent with the scope of work presented in the City of Emmonak submission to The Denali Commission's Request for Proposals for Washeteria Improvements or New Construction and additional information provided to the Commission on June 26, 2002 and further revised information provided to the Commission on August 7, 2002 by the City of Emmonak. The design of the facility includes provisions for clothes washers, clothes dryers, restrooms, shower and bath facilities. The approved design specifically does not include a sauna, hot tub or whirlpool. Mechanical equipment and utilities improvements are those necessary to support operation of the washeteria. Any substantial variance from that proposal requires pre-approval from The Denali Commission. The City of Emmonak is also responsible to first apply to this project the funds from all other funding sources identified and proposed in the submission.

All Commission funding is intended for use for the scope of work identified in the Award document only. In the event there is a balance of funding after the full scope of work is completed, then the Commission will determine how the excess funds will be allocated. The final decision on how excess funds are used is a Commission decision, and may include withdrawing excess funds for reallocation to other Commission projects.

### ***9. Other Grant related conditions:***

A separate project account will be established by the City of Emmonak for this project. This account will be separate from the City of Emmonak General Ledger and will account for all purchase orders, materials, and labor payments. The firm of Newhouse and Vogler will manage this account. The City of Emmonak will approve and sign all payments.

The consulting firm, Arctic Slope Consulting Group (ASCG), will be contracted by the City of Emmonak to provide construction management services, design services and purchasing

of a liner for the Emmonak Washeteria. A detailed description of ASCG roles and responsibilities can be found in the attached "Consultant Agreement" provided to the Commission by the City of Emmonak.

Acceptance of funding from The Denali Commission commits the City of Emmonak to the operation of the washeteria consistent with the principles of economic sustainability, as demonstrated in its approved business plan. The essence of the business plan is that income from and/or subsidy to the washeteria is sufficient to keep the washeteria in operation and to apply appropriate resources to both the immediate and long-term needs for insurance, maintenance and equipment replacement. Independent insurance coverage (not self-insurance) must be adequate to guarantee replacement of facilities and equipment in the event of damage or loss from fire or other hazards.
